

I fall asleep in this room
trying to build a home

I fall asleep
in this room
trying to build a home

A room
You fall asleep in a room
in which you've never lived before
How to live in a room?
How to live a room?
How to leave
a room?
Live
and then
leave
Live
Leave
Live
Leave
Where are you now?

I am the room
I am the room I live in
You are the room
you are the room you live in

Have I
have I
have I
lived here before?
here
here
before?
Have I lived there before?
Have I lived there
before?
Now?
Have I slept in this room before?
Have I slept in this room before?
Do I sleep in this room now?

Can you tell me
can you tell me
can you tell me what time it is there now?
there
now?
